9-10 MAY 2012

Jakarta Convention Center, Jakarta, Indonesia

## AGENDA

### **Overview of Current Issues & Future Developments in Laboratory Management Systems in Indonesia**

Speaker : Ir. Arryanto Sagala, Director of Policy Studies and Industrial Quality Agency - Ministry of Industry, Republic of Indonesia

### **Proficiency Testing - What the Organizers Do and What the Participating Laboratories Should Do**

Speaker : Madam Nor Azian binti Abu Samah, Unit Head, Proficiency Testing Unit, Department of Chemistry, Malaysia

#### **i) Metrology in Chemistry: Setting up the National Infrastructure in Singapore**

#### **ii) Establishing Metrological Traceability in Chemical Measurements**

Speaker : Dr. Lee Tong Kooi, Division Director, Chemical Metrology Division, Health Sciences Authority, Singapore

#### **i) Issues on Quality & Accreditation Systems in Indonesia**

#### **ii) Towards International Accreditation**

Speaker : Mr. Johni Napitupulu, Director of Accreditation of Laboratory and Inspection Body, KAN-BSN, Republic of Indonesia

### **Good Laboratory Practice (GLP) in Pharmaceutical Laboratory**

Speaker : Ms. Nik Juzaimah, National Pharmaceutical Control Board, Malaysia

### **Hazards Identification, Risk Assessment and Determining Controls (HIRADC) in Laboratories**

Speaker : Mr. Mohamad Rafiq bin Sulaiman, Scientific Officer, Department of Chemistry, Malaysia

### **Radiation Safety Requirements for Laboratories in Indonesia**

Speaker : Ir. Ferly Hermana, M.Sc, National Nuclear Energy Agency (BATAN), Republic of Indonesia

### **Integrated Environment, Safety & Health Management for Laboratories: Planning and Implementation**

Speaker : Dr. Fatma Lestari, Ph.D – University of Indonesia, Republic of Indonesia

### **Development in Mass Spectrometry Techniques**

Speaker : Dr. Mieczyslaw Sokolowski, Indonesia Institute of Sciences, Republic of Indonesia

### **Development in Extraction Techniques**

Speaker : Research Center for Chemistry, Indonesian Institute of Sciences, Republic of Indonesia

### **Laboratory Design for Safety and Efficiency**

Speaker : Mr. Ken Collins, Director and Consultant from Lab-Works Architecture, New Zealand

#### **i) Chemical Safety & Security - An Overview of Principles and Organization**

#### **ii) Fundamentals of Chemical Health and Safety**

Speaker : Ms. Linda Stiles, Sandia National Laboratories, USA

#### **iii) International Health and Safety Management Systems for Business and Regulatory Agencies**

#### **iv) Chemical Security for Small to Medium Sized Industries**

Speaker : Dr. Brent Burdick, Sandia National Laboratories, USA

#### **v) Safe and Secure Transport of Chemicals**

Speaker : Dr. Constantine Steward, Sandia National Laboratories, USA

Jakarta Convention Center, Jakarta, Indonesia

# TECHNICAL SEMINAR ROOM 1

## TUESDAY, 8 May 2012

### Determination of Trace Elements in Over the Counter Cough Syrup by Inductively Coupled Plasma Optical Emission Spectroscopy (ICP-OES)

Time: 10:30am - 11:15am

Speaker: Dr. Manuel Almeida (Product Manager)  
Presented by: Techcomp (S) Pte Ltd

### Saving Energy and Protecting the Environment with Advanced Filtration Fume Hood and Storage Cabinets

Time: 2:00pm - 2.45pm

Speaker: Mr. Dominique Laloux  
(International Sales Director)  
Presented by: Vivamui Pte Ltd

### Automation Workflow from Sample to Result

Time: 11:45am - 12:30pm

Speaker: Mr. Louise Huang (Marketing Manager - Automated Solutions APAC)  
Presented by: PT. Genecraft Labs

### An Introduction to Metrohm Applikon Process Analyzers

Time: 3:15pm - 4:00pm

Speaker: Mr. Radj Sewlal (Area Sales Manager Asia)  
Presented by: Applikon - Metrohm

### New Possibilities of High-Resolution Continuum Source AAS (HR-CS AAS). Closing The Gap Between Sequential ICP-OES and AAS

Time: 4:30pm - 5.15pm

Speaker: Mr. Santhiti Tawachsupha (Regional Manager Far East)  
Presented by: Analytik Jena AG

## WEDNESDAY, 9 May 2012

### Retrologistik® - An Alternative Solution for Your Waste Chemical Packaging

Time: 10:30am - 11:15am

Speaker: Mr. Irfat H. Saputra (Senior Marketing Manager Merck Millipore - Chemical Division)  
Presented by: PT. Merck Tbk

### Metrohm Water Solutions - From Quality Control of Drinking Water to Monitoring Industrial Waste Waters

Time: 2:00pm - 2.45pm

Speaker: Mr. A K Heng (Asia Product Manager)  
Presented by: PT. Metrohm Indonesia

### The Art of Milling

Time: 11:45am - 12:30pm

Speaker: Mr. Erwin Grzechnik  
(RETSCH Area Sales Manager)  
Presented by: ITS Science Indonesia

### New Orbitrap Technology for Pesticides Analysis

Time: 3:15pm - 4:00pm

Speaker: Dr. Bobby Fachrizal Assiddiq  
(Application Scientist)  
Presented by: Alpha Analytical (S) Pte Ltd

### Temperature and Density measurement with High Precision Instruments - DKD/DAkkS Certified

Time: 4:30pm - 5.15pm

Speaker: Mr. Klaus Englert (Managing Director)  
Presented by: Ludwig Schneider GMBH & Co.Kg, Emclab GMBH

## THURSDAY, 10 May 2012

### A Revolution in Chromatography Software

Time: 10:30am - 11:15am

Speaker: Mr. Shane Linkerhof (Senior manager for High Performance Liquid Chromatography (HPLC) & Chromatography Data Systems (CDS))  
Presented by: Dionex Singapore Pte Ltd, Part of Thermo Fisher Scientific

### Eliminating a Bottleneck: How Advanced Extraction Technologies Improve the Sample Preparation Process

Time: 2:00pm - 2.45pm

Speaker: Mr. Claudio Zigerlig, M.Sc (Product Manager at BÜCHI Labortechnik AG, Switzerland)  
Presented by: PT. Buchi Indonesia

### Memmert Products for Quality Testing with Focus on Latest Developments with Information on Stability - and Photostability Testing

Time: 11:45am - 12:30pm

Speaker: Ms. Andrea Weiss  
(MEMMERT Senior Area Manager)  
Presented by: ITS Science Indonesia

### Choosing the Right LIMS for Your Laboratory

Time: 3:15pm - 4:00pm

Speaker: Mr. Victor R. Suyanto  
(LIMS Specialist - PT. Agriya Analitika)  
Presented by: PT. Agriya Analitika

# TECHNICAL SEMINAR ROOM 2

## TUESDAY, 8 May 2012

### Triplequad GC-MS/MS Application for Pesticides Analysis

Time: 10:30am - 11:15am

**Speaker:** Dr. Bobby Fachrizal Assiddiq (Application Scientist)  
**Presented by:** Alpha Analytical (S) Pte Ltd

### Enabling Technologies for Life Science: Product Overview and Applications of VERSA Automated Workstations in Genomics and other Biotech Fields

Time: 2:00pm - 2.45pm

**Speaker:** Mr. Dr Sikander Gill  
(Director of Application Development)  
**Presented by:** PT. Tridaya Prima

### How can you Trust your Analytical Results in the Laboratory

Time: 11:45am - 12:30pm

**Speaker:** Ms. Fitriah (Ass. Product Manager for Analytical & Reagents Merck Millipore - Chemical Division)  
**Presented by:** PT. Merck Tbk

### Introduction of Different Heating System and its Influence in Temperature Uniformity, Heating Up Time and Thermal Transfer

Time: 3:15pm - 4:00pm

**Speaker:** Ms. Andrea Weiss  
(MEMMERT Senior Area Manager)  
**Presented by:** PT. SAKA

### Laboratory Extraction Methods:

-Cold Extraction according to Soxhlet

-Hot Extraction according to Twisselmann and Randall

-Hydrolysis

Time: 4:30pm - 5.15pm

**Speaker:** Mr. Juergen Behr (Managing Director)  
**Presented by:** Behr Labor-Technik GmbH

## WEDNESDAY, 9 May 2012

### A Major Breakthrough in Laboratory Equipment

Time: 10:30am - 11:15am

**Speaker:** Mr. Etsuo Ninomiya (Director of Eyela Singapore)  
**Presented by:** PT. Kurniajaya Muktisentosa

### Contamination Control and Demand Ventilation

Time: 3:15pm - 4:00pm

**Speaker:** Dr. Keng Been Ang  
(TSI Instruments Singapore Pte. Ltd – Product Specialist for Asia Pacific Region)  
**Presented by:** Infiltraco Murni

### Automated Pre-Column Amino Acid Analysis

Time: 11:45am - 12:30pm

**Speaker:** Mr. Shane Linkerhof (Senior manager for High Performance Liquid Chromatography (HPLC) & Chromatography Data Systems (CDS)  
**Presented by:** Dionex Singapore Pte Ltd, Part Of Thermo Fisher Scientific

### Simpler is Better: Direct Sample Analyser and Smart GCMS

Time: 4:30pm - 5.15pm

**Speaker:** Mr. Lim Yee Ghee (Food Safety Segment and Chromatography Product Manager)  
**Presented by:** PerkinElmer Singapore Pte Ltd

### Various applications of Memmert Products and Outstanding Technical Features to Meet Customer's Request

Time: 2:00pm - 2.45pm

**Speaker:** Ms. Andrea Weiss  
(MEMMERT Senior Area Manager)  
**Presented by:** PT. SAKA

### Know the Food that you eat – be safe with PerkinElmer's Analytical Instrument

Time: 4:30pm - 5.15pm

**Speaker:** Mr. Kenneth Ong  
(SPAC Inorganic Product Line Leader)  
**Presented by:** PerkinElmer Singapore Pte Ltd

## THURSDAY, 10 May 2012

### Combining Future Smart Microscopy & Smart Interactive Education Tools

Time: 10:30am - 11:15am

**Speaker:** Mr. Reto Wieland (Product Manager)

### New Ways to do Mechanical Calibration According to ASTM Protocol

Time: 11:45am - 12:30pm

**Speaker:** Mr. Rick Zhao  
(Sales Manager Asia Pacific – SOTAX A.G.)  
**Presented by:** Gaia Science Pte Ltd

**Speaker:** Mr. Sharezer Ros Menon  
(National Manager Learning Solutions)

**Presented by:** Vivamui Pte Ltd

### Applications of the Texture Analyzer in the Food, Pharmaceutical and Cosmetic Industry

Time: 2:00pm - 2.45pm

**Speaker:** Mr. Nilay Shah  
(Brookfield Engineering Laboratories Inc.)  
**Presented by:** PT. Transindotama Sinar Perkasa

### Determination of Nitrogen with the Kjeldahl method

- Digestion

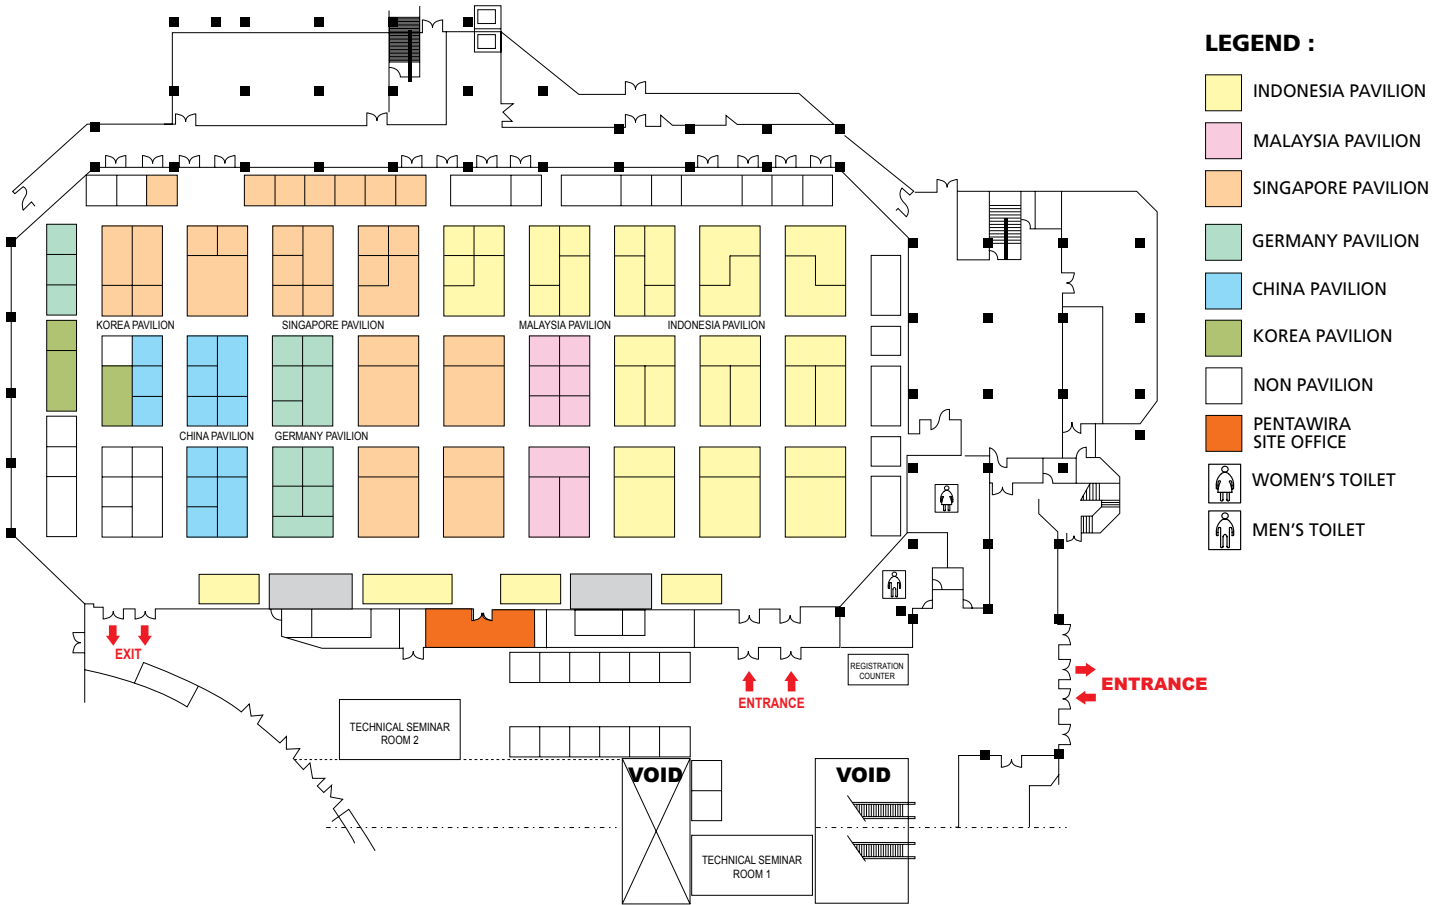

- Distillation

- Titration

Time: 3:15pm - 4:00pm

**Speaker:** Mr. Juergen Behr (Managing Director)  
**Presented by:** Behr Labor-Technik GmbH

**ABADINUSA USAHASEMESTA PT** Booth no. **C13**

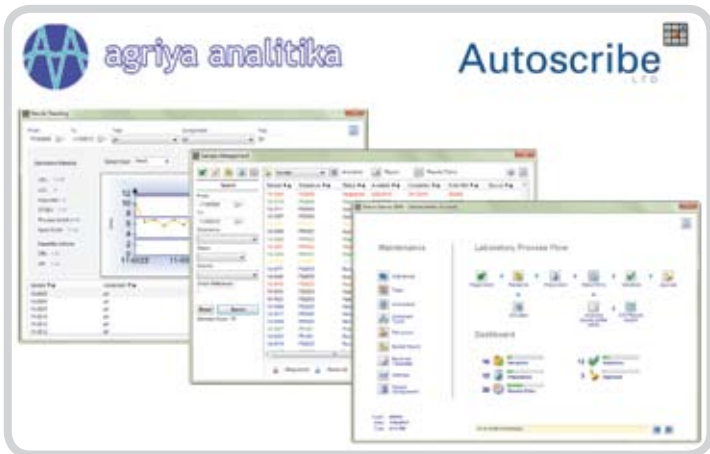

PT Abadinusa Usahasemesta berdiri sejak tahun 1980, bisnis utama PT Abadinusa Usahasemesta adalah distribusi dan after sales service untuk produk – produk yang berkualitas dan ternama, diantaranya Gerhardt, Heidolph, Camag, Perten, Hanson, LC-Tech.

Motto utama kami adalah kepuasan pelanggan.

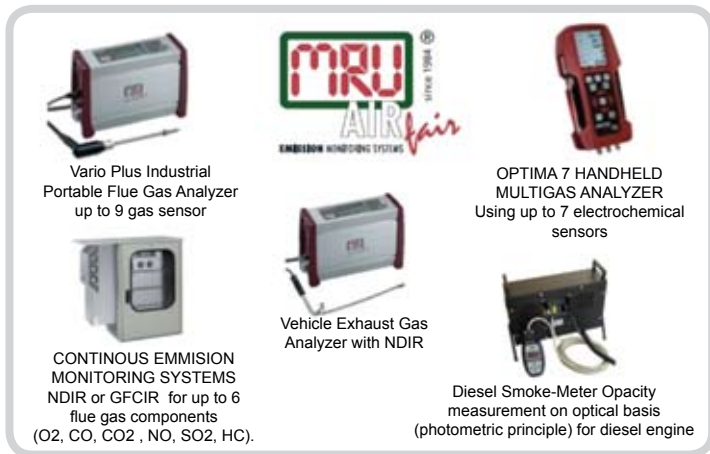

**ASKOTAMA INTI NUSANTARA PT** Booth no. **A06**

Askotama PT, a public company who distributes & service analytical, life science, General Lab Equipments to Research Institutes, Universities, and Industries in the Indonesian region.

**AGRIYA ANALITIKA PT** Booth no. **D17**

Laboratory Information Management System (LIMS) is a laboratory specific database solution that is responsive to the complexities of a scientific environment. LIMS manages your laboratory activity such as registration, resource allocations, testing, approval and automated report generation. LIMS has a superior sample management/lifecycle tracking, result validation, laboratory functionality, and supports interfacing to complex laboratory instruments and systems.

**BESTARI SETIA ABADI CV** Booth no. **K11**

CV. BESTARI SETIA ABADI is authorized distributor of Environmental & pollution monitoring systems, laboratory mining equipment, general equipment, chemical and microbiology, laboratory filtration & filter paper, glasswares and labwares.

**ARASAINS PT** Booth no. **M03**

Representing internationally validated golden standards' and advanced Rapid Diagnostic Solutions in Food, Feed, Aquaculture & HALAL Profiling is our Bio-Technology Division. We provide solutions in laboratory design, set-up and establishment of protocol for tests related to Hygiene Monitoring, Quality Assurance & Pathogen Testing. This division is also responsible for the quantification and screening of bio-hazards such as toxins, bacteria, anabolics & meat speciation. We also assist our clients in improving product quality through testing protocols/ regime by adopting innovative products & methodology.

**BUCHI INDONESIA PT** Booth no. **B08**

BUCHI is a world-wide supplier in key technologies such as evaporation and separation for R&D laboratories as well as NIR, Kjeldahl and extraction for control purposes. BUCHI creates solutions that not only fulfill the specific requirements of one single step, but which take the whole process into account – solutions that enhance quality and increase the productivity of the laboratory process.

**CHEMOSCIENCE INDONESIA PT** Booth no. **E18**

Chemoscience Indonesia is a part of Chemopharm Group Companies a leading supplier in this region specializing in the provision of laboratory supplies, reagents, furniture and systems as well as equipment, instrumentation and bio-and lab-informatics software.

We offer solutions for chemical analysis, life science, clinical diagnostics and biomedical, and also process industries.

**DIGITAL AKURASI PT** Booth no. **N01**

PT. DIGITAL AKURASI Established 1989, is subsidiary DIGITAL GRP. Our Major Business is Trading and Manufacturer. We supply Balances, Scales, Laboratory Scientific Inst., Water Analysis Inst., Analytical Inst., and Measuring Inst.

**CREATIVE MITRA SELARAS INDONESIA PT** Booth no. **D07**

We Serve All Your Laboratory Needs  
Glassware, Porcelains, Tools, Micropipette & Tips, Plasticware, Equipments, Water Stills And Chemicals

**ELO KARSA UTAMA PT** Booth no. **F13**

PT Elo Karsa Utama is one of a leading distributor of biotechnology, microbiology and life science products in Indonesia. We serves the needs of customers in Research Centres, Hospitals & Laboratories, Universities, Vaccine Manufacturers, Blood Bank and Industries (Food & Beverages, Pharmaceutical, Poultry). Our ultimate objective is customer satisfaction by providing high quality & innovative products and dependable service.

**DAINAN 2 INDONESIA PT** Booth no. **N03**

PT. Dainan 2 Indonesia is the sole authorized distributor of Konica Minolta products in Indonesia. We are specializing in light and color measurement. Our products range from Color Reader, Chroma Meter, Spectrophotometer, and Gloss Meter.

'Let's talk about color with us and believe that you will know what color is yours.'

**ERA MITRA PERDANA PT** Booth no. **D14**

PT. Era Mitra Perdana is a Scientific, Laboratory Equipment and Service company. Was established in Jakarta in 1999, agents of Cilas, Quantachrome, Linseis, JP.Selecta, Labtech, Labnet, Ocean optics, Meiji techno, Milwaukee, Kruss, Kern, Biotron, Reaction engineering.

Provide best service, open communication and pro-active to give suggest and alternate solution for customer. We was supported by qualified personal, high quality product and optimum after sales service.

**GENECRAFT LABS PT** Booth no. **P04**

PT. GeneCRAFT Labs is leading life science & biotechnology instruments and reagents supplier in Indonesia. We provide a complete range of life science products and services to the life science research, biomedical and healthcare sectors especially molecular diagnostic sector. We represent top manufacturer for life science & biotechnology products all over the world which focus mainly in delivering latest technology.

**HAKKA LAB FURNI** Booth no. **D13**

CONSULTATION, DESIGN, INSTALLATION & SUPPLY of LABORATORY FURNITURE.  
Our Product : Wall-, Island-Bench, Fume Hood, Balance Table, Emergency Shower, etc.  
We Supply : Top Table (TRESPA, REXIN), Water Fitting (BROEN, MASTAP), etc.

**GLOBAL SATRIA AJI PT** Booth no. **C11**

PT. GLOBAL SATRIA AJI (GSA) merupakan Authorized Dealer Resmi dari Merck Chemical, yaitu Bahan kimia untuk kebutuhan analisa laboratorium, bahan baku produksi, analisa air & makanan, mikrobiologi, chromatografi serta hygiene monitoring.

Secara umum GSA bergerak dibidang chemical untuk laboratory reagent & laboratory consumables seperti glassware, plasticware, filterpaper, equipment.

Komitmen kami, selalu berusaha memenuhi kebutuhan pelanggan dengan produk berkualitas tinggi serta mutu pelayanan yang terbaik.

**HASE UTAMA INDONESIA PT** Booth no. **D11**

Our company focuses on Laboratory instruments for industries like petroleum, petrochemical, biofuels, environmental, food and beverage, pharmaceutical, and more. We offer services like pre-sales consultation, technical support from installation through maintenance and repair, application support and laboratory turnkey packages. With years of experience, a dedicated sales team and an unflinching service promise, has made us the leading distributor of laboratory instrument in Indonesia.

**GLOBAL SCIENTIFIC INTERNATIONAL PT** Booth no. **P02**

PT. Global Scientific International is a company focus on selling and maintaining laboratory equipments. Our company appointed to represent and distributing laboratory instruments such as osmometers from Advanced Instruments (USA), refractometers & polarimeters from Bellingham and Stanley (UK), pH meter and titrator from SI Analytics (Germany), meters and loggers from Ebro (Germany), Auto Platter and Colony Counter from Spiral Biotech (USA).

**INDOFA UTAMA MULTI CORE PT** Booth no. **E17**

INDOFA UTAMA MULTI CORE, PT. We are Importing, Agency and Distributing various products listed below;

- General Laboratory and Scientific Equipment.
  - Laboratory Chemicals. Laboratory Glassware and Plastic ware.
- We have a branch office in Jakarta and a representative office in Semarang. We always keep our commitment to offer the best quality products and our best after sales service capability. Customer satisfaction is our priority attention.

**LUDWIG SCHNEIDER GMBH + CO.KG** Booth no. **N09**

Manufacturer of precision Temperature and Density measuring equipment  
As early as the beginning, in 1910, Benjamin Schneider began developing thermometers. Given his manual skills and his wealth of ideas, he developed high quality instruments for leading industrial companies and scientific establishments right from the start. Ludwig Schneider products are made in Germany!

High precision instruments for temperature and density.

**IKA-WERKE GMBH & CO. KG** Booth no. **H01**

IKA® laboratory technology offers a wide range of innovative equipment for numerous applications in research and development. Market leaders trust in our proven technology for their mixing, heating, distilling and crushing applications. IKA has gained a leading position in the world market with its innovative magnetic stirrers, mixers, overhead stirrers, shakers, homogenizers, mills, rotary evaporators, calorimeters, laboratory reactors and specially developed software for laboratory and analysis applications.

**MMM MEDCENTER EINRICHTUNGEN GMBH** Booth no. **H07**

Innovative heat technology series. Drying ovens and Laboratory Incubators, Vacuum drying ovens, Cooled incubators, Climactic Chambers, Co2-Incubators and Depyrogenisations Chambers.

**KNF NEUBERGER GMBH** Booth no. **H12**

With more than 40 years experience in diaphragm pump technology KNF offers a wide range of diaphragm pumps and systems for many laboratory applications. Diaphragm pumps are maintenance free and due to the oil free design perfect for a contamination free transfer of gases and liquids. The main application fields for our pumps are filtration, aspiration, SPE, spin coating, rotary evaporator, vacuum oven, desiccators and vacuum concentrators.

**PREMEX REACTOR AG** Booth no. **H04**

Equipment for research, development and production in chemical, petrochemical, pharmaceutical and related industries.

Your specialist for high pressure reactors, magnetic stirrer drives, control devices.

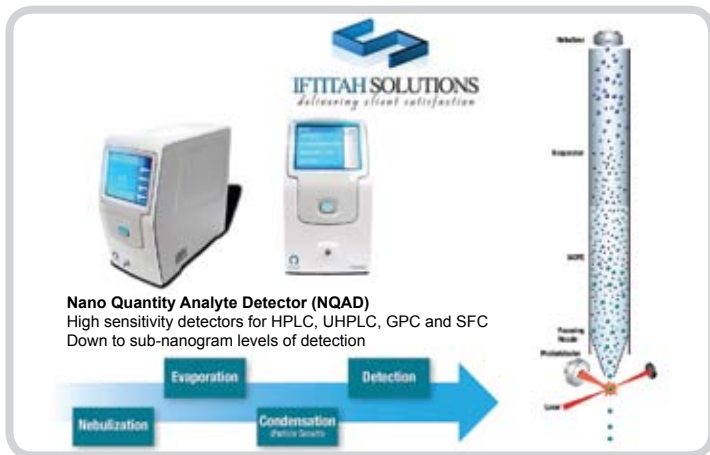

**WITEG LABORTECHNIK GMBH**

Booth no. **N08**

With an experience of more than 50 years, Witeg Labortechnik GmbH is one of the leading manufacturers and dealers of laboratory glassware, liquid handling, Wisd-products and equipment.

Our products are manufactured under the latest technical standards and according to all international regulations such as ISO, DIN and CE.

We are looking forward to welcome you on our booth.

**IFTITAH TECHNOLOGY & TRAINING SOLUTION SDN BHD**

Booth no. **E07**

**Nano Quantity Analyte Detector (NQAD)**  
High sensitivity detectors for HPLC, UHPLC, GPC and SFC  
Down to sub-nanogram levels of detection

The NQAD detector measures semi-volatile and nonvolatile analytes. Whether you don't have a chromophore or your ELSD just isn't delivering the sensitivity you need, the unique NQAD sees what others can't. With the NQAD you can have it all – sensitivity down to sub-nanogram levels, a wide dynamic range, unrivaled precision, and broad applicability all in a single detector.

Is your current technology limiting you?

**ANSARI AGENCIES SDN BHD**

Booth no. **E11**

We are proud to be the Prestigious Distributor of ZEAL a leading manufacturer and supplied instrumentation for the measurement of temperature, density, humidity, pressure and flow since 1888. We Deal with Wide range of Products with Emphasis on range of Glass and Electronic Instruments for General Purpose

Use in all Environments where Temperature must be checked or Recorded. Low Cast and Accurate these Instruments are suitable for use in the laboratory, classrooms, manufacturing, weather observations, building managements, gardens, refrigeration and many others.

**INSTITUT PENYELIDIKAN & PERUNDINGAN YAPEIM SDN BHD (INPUT YaPEIM)**

Booth no. **N04**

**X-RAY FLUORESCENCE SPECTROMETER**  
Precision Metal Analysis Expert

**EDX800 | EDX 5000 | EDX PORTABLE -1**

EDX 800 content determination of precious metals Au, Ag, Pt and all kinds of ornament. Mainly used in precious metal and ornament processing industries; banks, ornament sale and detection institutes.

EDX 5000 applies more advanced detector, more stable steel structure and more excellent energy resolution.

EDX Portable-1 is handheld measuring instrument for precious metals, applied in site testing.

**EPPENDORF ASIA PACIFIC SDN BHD**

Booth no. **E10**

Eppendorf is a biotech company which develops, produces and distributes systems for use in life-science research laboratories worldwide.

Its product range includes pipettes, dispensers and centrifuges as well as consumables such as micro test tubes and pipette tips. In addition, Eppendorf provides instruments and systems for cell manipulation, automated devices for liquid handling and DNA amplification.

**KGC RESOURCES SDN BHD**

Booth no. **E08**

KGC Resources Sdn Bhd provides sales & services for scientific and laboratory equipments including tube & muffle furnace, RTP & PECVD furnace, oven, DIP and film coater, battery analyzer, glove box, laboratory mill, polishing machine, gas chromatography, laboratory and industry bioreactor-fermentor, TOC analyzer, AAS, AFS, UV-VIS spectrophotometer, CHN/O/S elemental analyzer, heavy duty shaker, microwave digestion, laboratory water bath and many others.

**LT GROUP OF COMPANIES**

Booth no. **K05**

LT Group of Companies specializes in supplying laboratory furniture, analytical systems and providing nanotechnology solution. We offer our product and services to various educational and research institutions, as well as governmental departments and private organization. We are the exclusive representative for Membra Pure, NIR-Online, Gatan etc in the ASEAN region.

**THE DURCON COMPANY OF SOUTHEAST ASIA SDN BHD**

Booth no. **E06**

DURCON countertops, student tabletops, sinks and sink work surfaces are revered worldwide for the quality, care and innovation poured into each piece. For over 30 years DURCON has been a leading manufacturer of durable epoxy resin products. We strive to add safety, comfort and beauty to classroom and research environments and offer our customers the best purchasing experience in the industry.

- Manufacturer of:
- 1) Fume Hood
  - 2) Laboratory Fittings
  - 3) Emergency Shower & Eyewash
  - 4) PP Sinks and Worktops
  - 5) Acid/Flammable Storage Cabinet
  - 6) Stainless Steel Faucets

**METHOD ENTERPRISE SDN BHD**

Booth no. **E09**

Method Enterprise Sdn Bhd is the leading manufacturer of laboratory fittings, emergency showers and worksurfaces in Malaysia. With its own in house testing facilities, products are assured to be of highest quality. Please visit booth E09 and speak to our sales representatives.

**UNIT TEST SCIENTIFIC SDN BHD**

Booth no. **E01**

"Manufacturer of laboratory testing equipment for construction materials such as concrete, cement, soil & asphalt. Unit Test's testing equipment is widely used in construction industries, testing laboratories, R&D department, road department, cement companies & universities / colleges & schools."

**SARTORIUS STEDIM MALAYSIA SDN BHD**

Booth no. **E04**

Sartorius is a leading international laboratory and process technology provider with core areas of expertise in biotechnology and mechatronics. Our technological prowess, the outstanding quality of our products and services and our global presence make Sartorius one of the preferred partners to the pharmaceutical biotech and chemical industries as well as to food and beverage producers. We help our customers efficiently implement complex lab and production processes.

Booth no. **K07**

Daihan Scientific (SEA) Pte Ltd was incorporated in Singapore on 12th November 2011 to manage all sales and marketing activities including after-sales services for the South-East Asia and Oceania region. Daihan Scientific Co Limited in Korea is a manufacturer of general laboratory equipments which include shaker, incubator, oven, freezers, stirrer, centrifuge, heat block, rotator etc. Our instruments are CE/MDD/UL/ISO certified.

# ilShinBioBase

**Deep Freezer, Freeze Dryer and Lyophilizer series**  
World Best Products selected by Ministry of Knowledge & Economy, Korea

**ILSHIN BIO BASE CO LTD**

Booth no.  
**N07**

ILSHIN BIO BASE is specialized in lab equipments such as ultra low temperature deep freezer with temperature down to -90~-135°C, freeze dryer and Lyophilizer for pharmaceutical and biotechnology with more than 20 years experiences.

# pg instruments

**PG INSTRUMENTS LIMITED**

Booth no.  
**M05**

PG Instruments Limited is a manufacture of UV/VIS Spectrophotometer, Atomic Absorption Spectrophotometer, Atomic Fluorescence Spectrophotometer, HPLC, X-Ray Diffractometer, X-Ray Fluorescence Spectrometry. We supply good quality instruments and technician support.

# JISICO CO., LTD.

**JISICO CO., LTD.**

Booth no.  
**N05**

JISICO CO., LTD has manufactured about 100 products of physical and chemical experiment apparatuses such as drying oven, constant temperature and humidity chamber, autoclave, etc. to supply widely to the laboratories of academic fields, industrial research institutes, national and public research agencies and the examining rooms of general hospitals which demand these products.

**SMI-LABHUT LTD**

Booth no.  
**M07**

LabHut is one of the leading independent suppliers of chromatography and dissolution accessories and consumables.

Featuring the Gronus brand of Autosampler vials and caps, syringe filters, SPE, HPLC and GC columns. Deuterium and Hollow Cathode lamps for most detectors and spectrophotometers.

The new HPLC Column Store is able to store 30, 60, 90 or 120 HPLC columns! The popular QLA dissolution accessory line will also be displayed.

# PEAK SCIENTIFIC

**PEAK SCIENTIFIC INSTRUMENTS LTD**

Booth no.  
**M06**

Peak Scientific Instruments Ltd are a manufacturer of laboratory gas generators including nitrogen, hydrogen and zero air suitable to operate most laboratory analytical applications such as LCMS (liquid chromatography mass spectroscopy) and GC (Gas chromatography).

Our Service & Support is world class. Without fail our expert engineers fix problems at the first visit and you can find them all around the world- not that you will need them very often. Even though our Laboratory Gas Generators take the strain in the lab, they deliver all your gas requirements smoothly and reliably.
